Reliable
Machine.

By removing the partition this machine becomes a fine Guano Distributor of large capacity. For a moderate price we make the best that can be got at any price.

Cole's Combined Oat Sower and Guano Distributor.

Government tests and the experience of farmers who have used this method prove that oats sown in an open furrow never freeze out and are not easily damaged by dry weather.

One acre sown with the COLE GRAIN DRILL will produce an average of as much as two acres sown the usual way.

Write for valuable information and price list.
